

BLOCK OF HOURS

For peace of mind & increased uptime

The Prevost Block of Hours program allows operators with any sized fleet to reserve a regularly scheduled time slot in a Prevost service center. Designed to promote efficiency and uptime, Block of Hours can be used for scheduled maintenance or repairs for unexpected stops.

Program details*

- Increase uptime and plan ahead with guaranteed, regularly-scheduled bay time
- Reduce operator overhead
- Obtain repair parts at discounted rate
- Ease budgeting with fixed labor rates
- Available for all major coach makes and models

Contact your local Prevost service center for more details and to schedule your block of hours.

“Since starting the program, we’ve lost zero dollars of revenue due to a coach being down.”

Chuck Abbott
President & CEO - Gray Line Tennessee

* Restrictions apply. Contact your local Prevost service center for details. Promotion includes labor only. Repair parts (including fluids) may incur additional fees. If work is performed offsite, some repairs requiring lifting the vehicle may not be performed if not possible to perform safely. Volvo D13 engine parts not eligible for rate discount.
