Features;

- Michelin's XZA's advanced technology offers excellent fuel economy. Over 7,000 micro grooves help break water surface tension to promote traction on wet and slippery roads.
- Michelin's XZA2 Energy tires optimize channel design which allows for long tread life and minimized irregular wear. Low rolling resistance compounds for better fuel economy.
- Michelin's XDN2 Grip feature an all-weather highway drive tire. A wide open shoulder groove delivers additional traction balance with tread life.
- Michelin's X One Line Grip D tires offers 25% better snow traction than the leading competitive tires. A wide open shoulder is designed for additional grip in adverse weather and snow conditions.
